marina

Elegance and Style: just two characteristics that are timelessly valued. The Marina Collection embodies these virtues while remaining exceptionally comfortable.

elegance with **style**

Adapting to any office, open space, reception hall or relaxation area, Marina is incredibly versatile with multiple base and colour options. Custom upholstered at Fineseat, in any fabric or leather colour of your choice.

marina mini

The Marina Mini comes on an assortment of bases, including the counter stool option.

marina, but **compact**

Marina Mini embodies Marina's elegance, comfort and style in a compact form – providing a perfect solution to offices or waiting areas in need of its timeless design. All suitable for heavy commercial use in a variety of settings. Custom upholstered at Fineseat, in any fabric or leather colour of your choice.

shelly

The Shelly, with a Quilted Back.

the modern **shell**

Offering functional simplicity and modern aesthetics, the Shelly Armchair offers a multitude of design combinations to complement its versatile nature. Select from rotating or fixed bases, in a quilted or smooth customisable upholstery to build your ideal, multi-purpose Shelly Armchair. Make an impression.

shelly mini

The Shelly Mini

The Shelly Mini, Quilted.

clean and **compact**

Shelly Mini transforms Shelly Armchair's design into a compact form, while retaining its comfort and aesthetics – providing a perfect solution to offices or waiting areas in need of its versatile design. Custom upholstered at Fineseat, in any fabric or leather colour of your choice.

Ilisa

Building a bridge between solidity and softness, innovation and tradition, and private and public spaces, the Llisa Armchair incorporates a timeless and characterful design.

timeless
with
impact

Generously proportioned, Llisa's comfortable seat and backrest allows for more flexible seating positions. Llisa can be used as a focal point in interior spaces or can be blended within other furniture, with customisable upholstery as another major factor in its strong visual impact.

bussola

The Bussola is a round and welcoming armchair that offers maximum comfort through a contemporary and minimalistic design.

The sophisticated elegance and compact proportions allow bussola to thrive harmoniously in any setting – from home decor to hospitality – and to be easily paired with the new seating systems. You feel a sense of security as you settle down into it. This is due, on the one hand, to the generous seat surface and high back at an angle that brings the spine into the perfect upright position.

a sense of welcome

Custom upholstered in our Australian factory, Bussola thrives in commercial applications such as waiting or breakout areas, or hotel rooms. Add a Bussola Scatter Cushion in a matching or contrasting colour for extra flair.

flora

With a selection of versatile base options, Flora is the perfect choice for offices, meeting rooms, hotel rooms or any other modern interior.

comfort and warmth

Flora, with its form that envelops the body and its plain appearance, combines comfort and warmth in its design details. It is a perfect choice from working areas and hotel rooms to social areas and homes. Having rich color options, Flora easily adapts to all interior designs with its wide family.

fresco

The Fresco Desk and Chair Set creates a comfortable and healthy workspace. Fresco's functional design and sophisticated build are well suited for home offices, hotel rooms or modern workplaces. Regardless of the environment, the collection is ergonomically designed for long, comfortable working hours

reptile mini

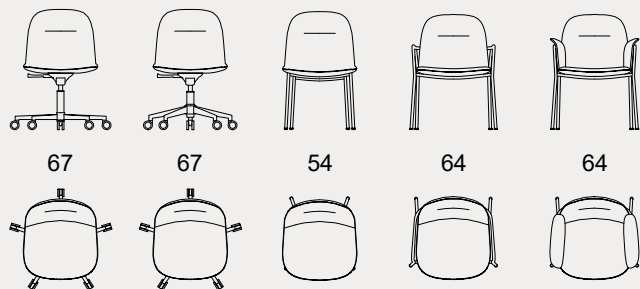

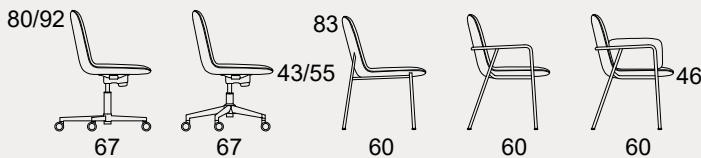

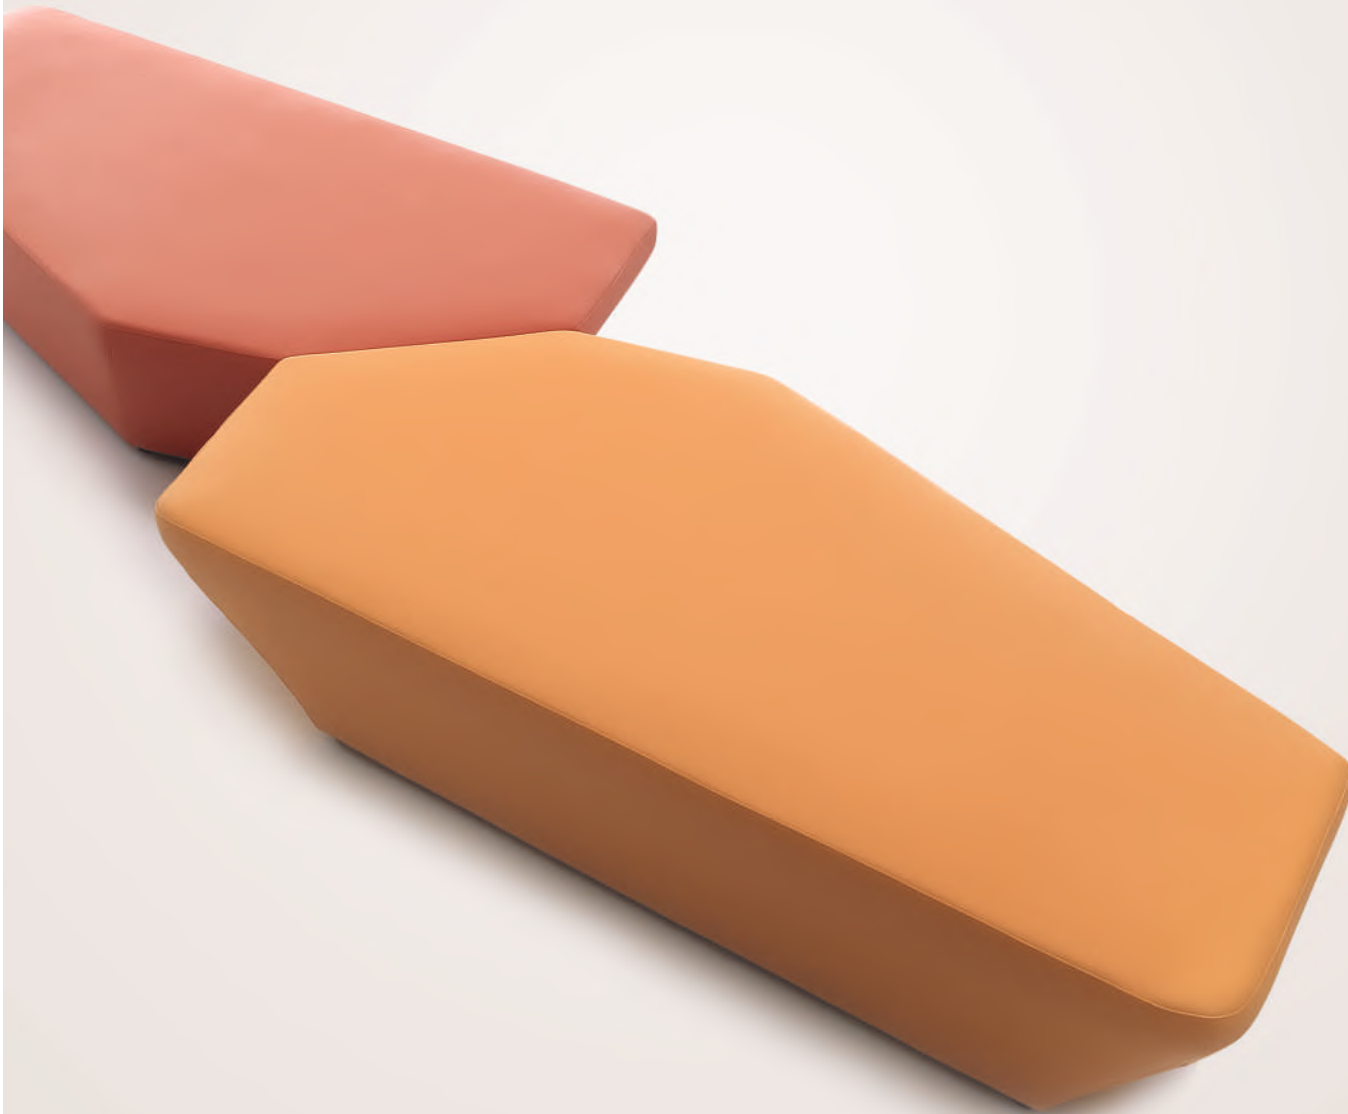

Reptile mini is a chair that begins at a seat and back, to be used on a swivel base at a desk, by adding arms and a tubular steel leg frame it progresses the chair into one that can be used for meeting, or dining situations.

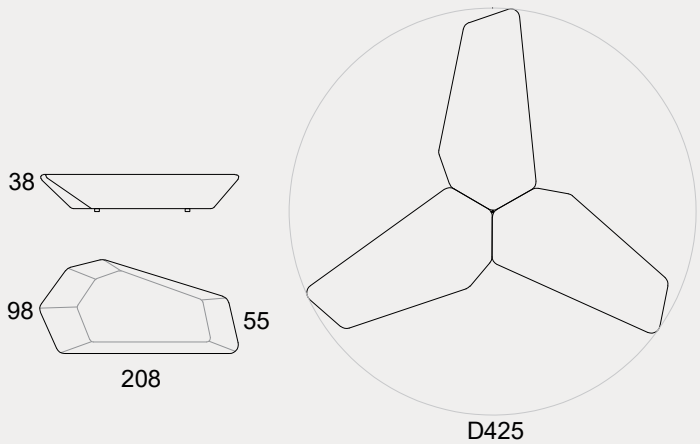

softness of the edges

The Reptile Mini family covers meeting areas, hotel rooms, even some domestic applications, and synergizes with the changing workplace but opens up new areas of specification.

isley

*Small size available upon request

An islet at the lounge, even three islets, brought us the idea to call this robust design 'Isley'. It can be used as free-standing units or linked together. Single, double or triple combinations provide you significant seating area at the lounges. Isley lounge presents a ready to fl , ready to welcome you at the lounge motto. Unique asymmetric shapes are nicely turned to symmetry when you multiply the units. Isley with its wide size and shape can be super fit with all lounges and shopping malls.

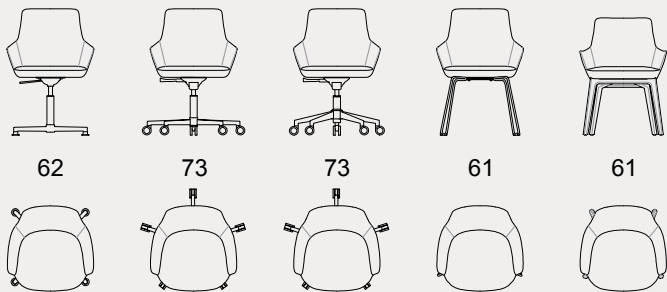

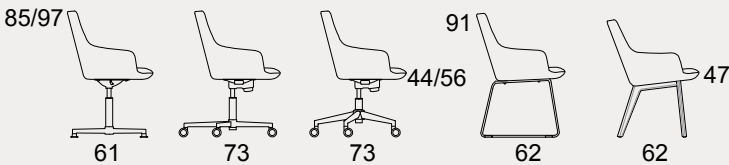

hendrix mini

The little brother of the Hendrix, the Hendrix Mini is a chair that can be used at a desk on a tilt and caster base, and can be used as a meeting chair, breakout or a restaurant dining chair.

young
and
iconic

hendrix

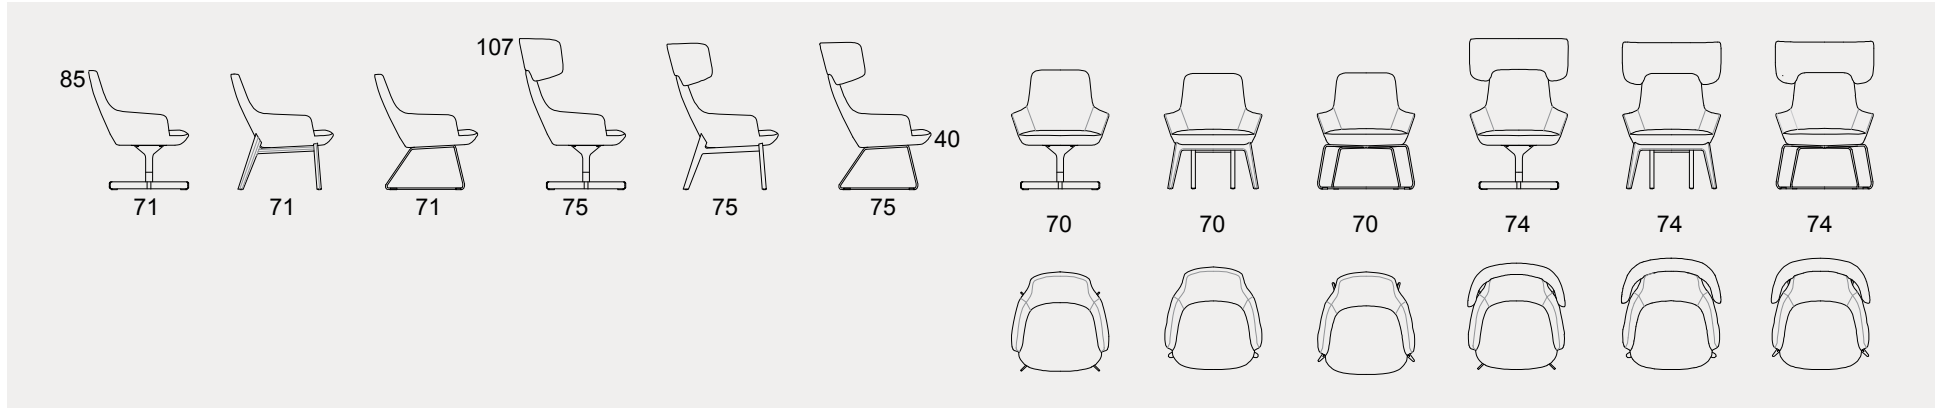

style of **funk and soul**

It is designed by meticulously observing sitting positions in different environments, for catching best demand for both relaxed and active postures. As a complementary of comfort, Hendrix chair is paired with a new product, Hendrix Stools or Hendrix Coffee Tables. Hendrix chair expresses a style of funk and soul. Iconic shapes and imagery are the source of inspiration for this range of products. As the more generously proportioned older brother, it is suited to a lounging area with a higher back, and a rounded headrest that offers privacy for making calls on a mobile phone, in larger public space areas.

Fluidity is the key with Hendrix, the wine glass shaped stem fl ws into the seats under its curve, blending in a positive direction until it meets its “iconic fringe line” connection, where the headrest meets the main body of the chair.

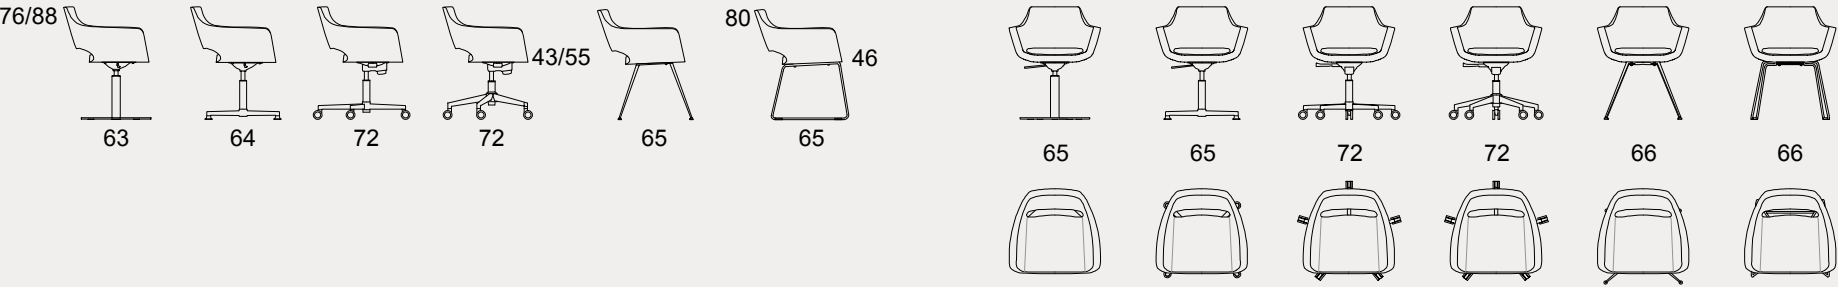

nano

Nano chair has been designed to create functional living spaces with its color options and can be naturally integrated into offices, installation projects, hotels and residential settings. A wide range of bases expand the application of Nano to any contract solution. With Nano, a comfortable seating session for a productive meeting around the table or for a long evening while you tackle the task at hand is extremely possible. Nano is a graceful, playful chair, developed for the conference or waiting room and the home environment in mind. The chair's elegant form is captured in the seat, backrest and armrests as a single graceful movement. The shell is fully upholstered and pleasantly curved.

This is a pure design that will catch the eye at home or in the office and will be extremely your favorite chair to sit on. Light and fashionable with clean lines, Nano proves that the true design can be timeless in a minimalist way.

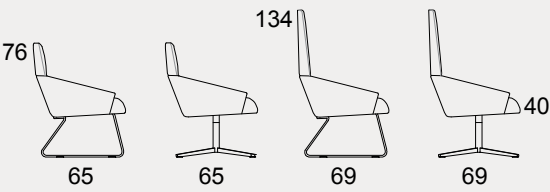

wall street

Wall Street is characterized by a minimalistic and gentle form that invites interaction between people. Wall Street with its low, high and bench versions offer a great integrity where it combines a relaxed and comfortable feeling.

Wall Street has exceptional level of comfort and considered proportions. With a design of sophisticated, stylish and sleek lines, Wall Street chair finds its place in cozy, modern spaces where one can comfortably wait, work or simply relax.

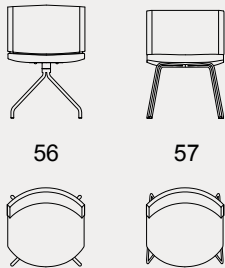

kurvi

It is a perfect solution for restaurant dining; and the addition of a swivel base makes it a great compact desk chair or a breakout solution. Kurvi can be used as a group of chairs around an occasional table or combined with other pieces, such as Kurvi Bench. The idea for Kurvi came from the evolution of two simple curves: a seat and back profile that raise their corners like a happy face when it smiles. Functional consideration is something very evident in the designer's work. A back is elevated from the seat on steel spacers, while offering a light shadow gap.

For areas where cleanliness is important, the seat frame can be wiped clean so it will not harbor dirt. Ergonomically Kurvi's skid frame option enables it to boast extreme levels of comfort.

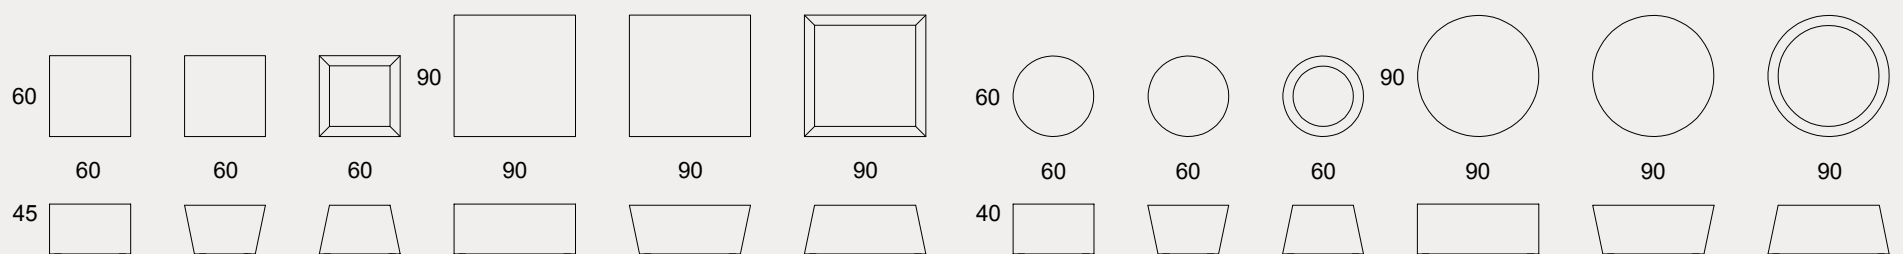

moda

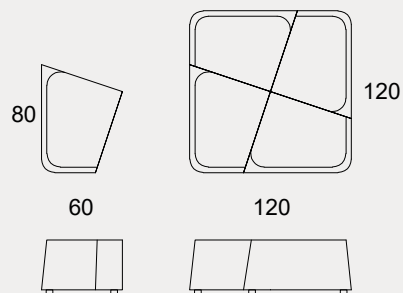

design and
geometry

A simple invitation to sit down; this object evolves in the middle of a space as playful and simple seating element which distinguishes itself in both color and material. Basic cubic and circular shapes blend with almost any architectural environment. You can therefore use Moda for highly versatile applications. All moda items can be fixed or on castors as per your choice. In addition to the basic round and square shapes, Moda also offers a curved amorphous shape which creates a nice group with 4 identical pieces.

In your environment, you can use 4 pieces as a center piece and when you need you have 4 loose poufs. The vertical and horizontal curves are showing the design character of the Moda curved unit. A design full of dynamism and joy with functionality. Moda, with its pleasant and different geometry, merges with the rest of the architectural elements defining each space.

The variety of modules help to create a versatile sitting environment; are ideal for waiting rooms, lounges, lobbies, and libraries. Moda has been designed for both homes and public spaces. The bicolour fabric combination facilitates adaptability to different ambiances. The surfaces and the various elements of upholstery, the tailoring, the stitching detail on the covers are all combined in this highly expressive piece.

curvo

The Curvo Collection is suitable for both outdoor and indoor applications.

The Curvo High Back Counter Stool

indoors or outdoors

Designed by Emma Robson, Curvo creates harmonious and friendly spaces with its refreshing and innovative design. Curvo's solid lines contrasts with comfortable curves for a versatile seating collection.

baxter

Offering a broad selection of sizing and shapes, and accompanied by scatter cushions, the Baxter Collection is easy to customise into the configuration that you require.

timeless
and
versatile

The Baxter Collection is a highly versatile collection of modular lounges. From commercial waiting areas and offices, and all the way to residential homes, the Baxter was designed to be timeless, flexible and comfortable. Also available in an armchair option.

baley

Baley in a Bouclé Finish

indulge in comfort

Designed and manufactured in-house at Fineseat, The Baley Collection consists of over 10 individual options allowing it to be reconfigured into different shapes to suit your space.

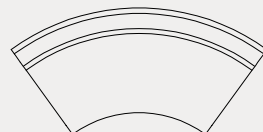

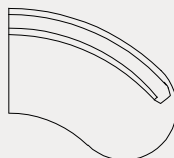

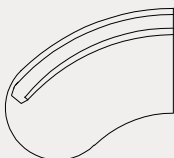

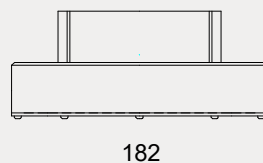

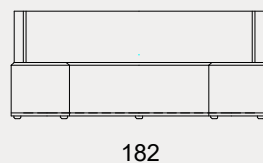

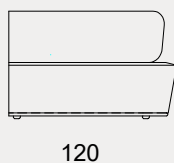

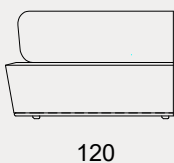

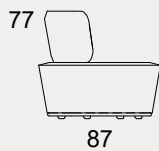

pinto

Pinto can be loosely scattered as an independent sofa with stools or linked in a modular landscape for a more organized solution, either option caters to demands of a compact office or large living areas. Often with impressive design products, one might get tired of the aesthetic over time, yet with Pinto it aesthetically slides into any environment. A product needs to work in harmony with each other. The Pinto can work well individually or as part of a larger scheme. The key shapes can link the range together and work with other projects in our progressive portfolio.

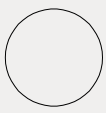

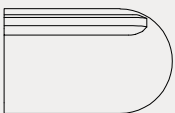

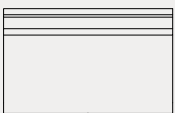

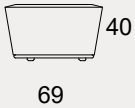

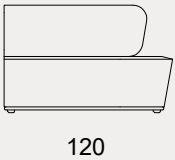

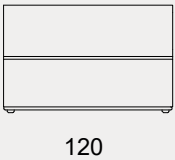

an
impressive
image

curves
of
coziness

*Custom base not included, standard base are glides.

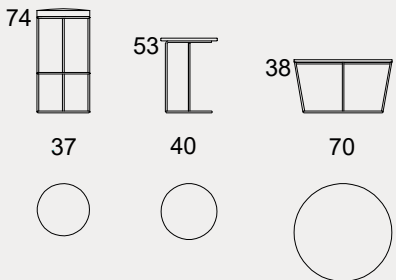

Pinto collection is designed to offer a wide range of seating options from sofas and poufs to bar stools, for lounges and lobbies. The connection of convex and concave shapes combines with color scheme and the harmony and form serve to hold the various elements together.

Pinto bar stool is a venture into purism as it boasts well-balanced, uncluttered lines. The barstool portrays a soft gentle dome on top of the upholstered seat providing enhancing comfort. The chromed steel circles frame the upholstery, creating an open space between the steel and the floor .

The Pinto range is complimented with the elegant Pinto Bar Stool, which can also be used by itself, or with any other commercial lounge design. The base can also be powder coated in any colour of your choice.

mona

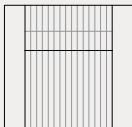

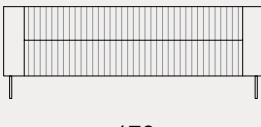

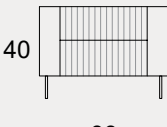

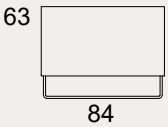

distinctive and
**perfect
form**

The elastic backs and the high resistant foam in the seat give a seating comfort, completed with a perfect look and minimal elegance. Optional slim metal bases complete the robust design in a contrasting way. The padded upholstery shows the craftsmanship by giving a classical aesthetic look.

A timeless office sofa with a wooden frame is upholstered with non-deformable foam and polyester fibre, and a seat with elastic belts and elegant chrome metal legs. Covers include irremovable fabric or leather. Quilting and sewing details customize and stylize the product. Mona is created to offer a different and discreet design that fits the space perfectly, without being out of tune, harmonizing with the environment. It gives a new soul to living areas with its dynamic form language and special quilted upholstery. Mona is the sophistication with its eyeful style and comfort with its wide sitting area.

mona high

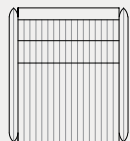

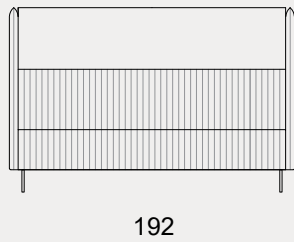

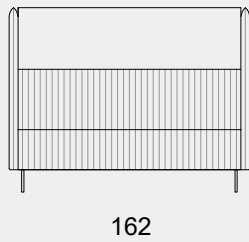

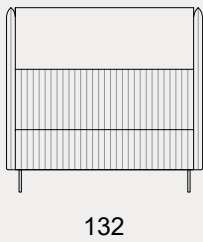

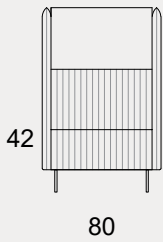

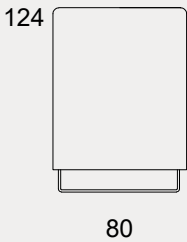

Mona sofa and armchair series is supplemented with Monna High where you can sit and focus or socialise in the workplace. Its design is a piece of furniture that feels like it is a small, separate room. The sofas can be upholstered in any of the leathers and fabrics specified by the customer. The concept of Monna High even allows for different combinations of upholstery and colour schemes in the same sofa. If you need privacy with comfort and elegance, Monna High is just for you. It has a modern design with classical look thanks to the quilting technology. High back and sides creating a secluded sphere where you can sit on your own or in a group. The space between the back and the upper back, offers a perfect space to spread your arms and feel comfy.

high concentration within elegance

Lightness of the design is emphasized with the metal legs which carry a big sofa block and also let space for cleaning the underneath.

80

cara small

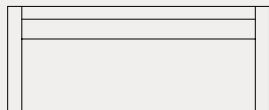

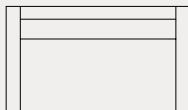

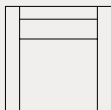

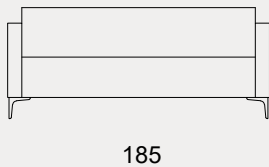

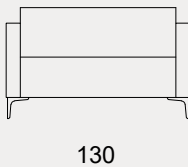

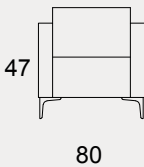

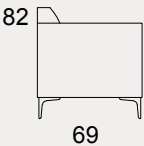

aesthetics in timeless look

We design as per needs of the customers. The existence of Cara brought us into the design of Cara Small with less but never less in comfort. Cara family is our way to bring a simple idea into a wider solution. Cara Small, as a cost and effective revision of Cara, provides a lightness of design for space saving projects.

Today's office and spaces are designed with a minimum amount of square meters for a maximum amount of comfort. Our choice of product is obvious; Cara Small can solve this problem by minimizing the mother product Cara. With its comfortable, slightly raised and not too deep seat, Cara Small provides a graceful insight to all the lounge sofas of today. Simply slim, clean lines and an elegant base constitutes a timeless design. The collection comprises of armchairs offered as a low leg and as a high leg options, two seats sofa and a three seats sofa that all demonstrate excellent attention to detail and superior upholstery. Fully upholstered in any fabric or leather, Cara Small is the perfect statement piece guaranteed to impress people.

69

cara

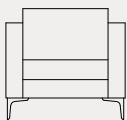

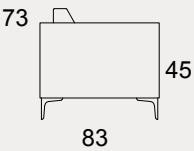

**luxurious
comfort**
of lightness

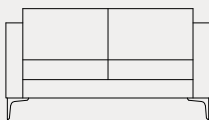

Cara can match all executive areas and lounges with leather or fabric upholstery. The lightness of design provides maximum comfort with minimum bulk, giving the ability to match any environment needed. Loose cushions and pillows give you rest while you relax. The straight lines of the cubical armrests are punctuated with a casual back. The crafted quality of the upholstery guarantees a long life and a perfect image.

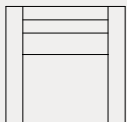

This range includes armchairs and sofas in diverse sizes with corner modules and add-ons. Co-coordinating low tables with lacquered tops also complete the picture in the Cara family. The balanced proportions of Cara and the interaction of its volumes are expressions of the comfort and gracefulness. This timeless design has the clean lines of Cara family which makes it suitable for all kinds of environments in any of its versions. The back and seat cushions of the sofa strengthen the design and basically give a comfortable seating.

cara high

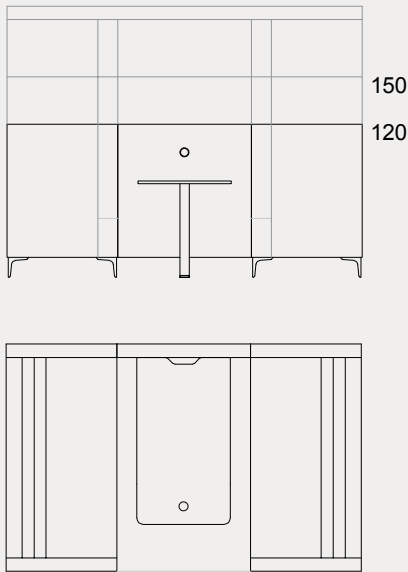

isolated and relaxed sitting

Cara Highline is an absolutely stunning and simple design with a touch to fulfill the trends and privacy solutions with minimal design. The target was for all to feel comfortable at home, close your eyes and have a rest, and so the result was amazing. Straight clear lines define the privacy boundaries so the users are partly isolated from the environment. As part of the Cara family, Cara Highline answers the need for privacy in open areas with a link panel addition. You can be in a lounge space, but still feel alone and comfortable while checking your mail or having a phone call.

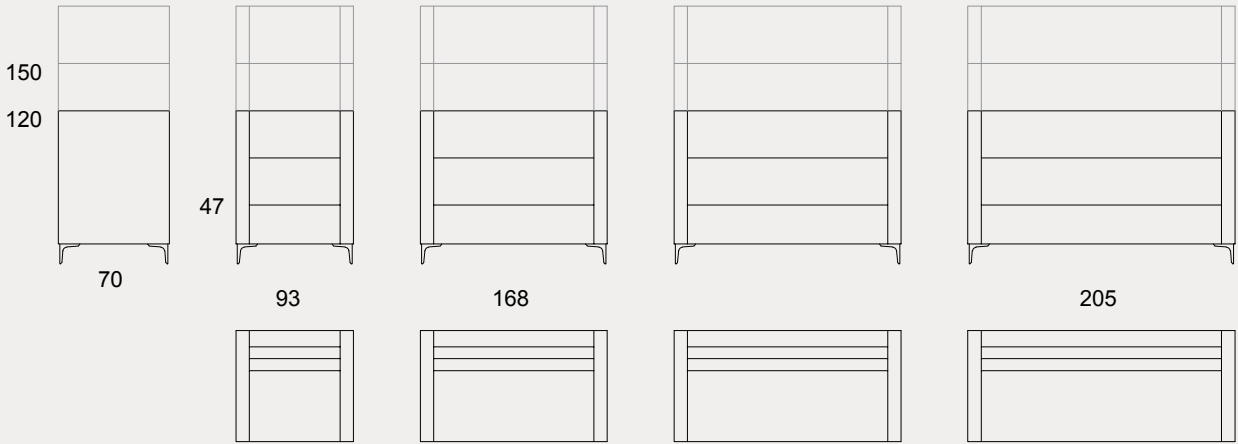

With its medium and high options, Highline is a perfect and comfy solution. Make your meetings on the pod table, welcome your guests being isolated from the rest of the surrounding. For enhanced privacy, available as a unit, two or three seats sofa both with standard and L arms, Cara High is the ideal product for the modern working environments where personal touchdown spaces and informal meeting areas are the norm.

Cara High can be used independently to create private spaces in open plan environments, or alongside each other to enhance collaborative working. Its contoured design has been intentionally developed to reduce peripheral vision and external noise. Cara Highline pod table is the last element to bring sofas and link panel together and create a cozy room atmosphere. Cara Highline pod tables welcome you with a wide range of varied sizes.

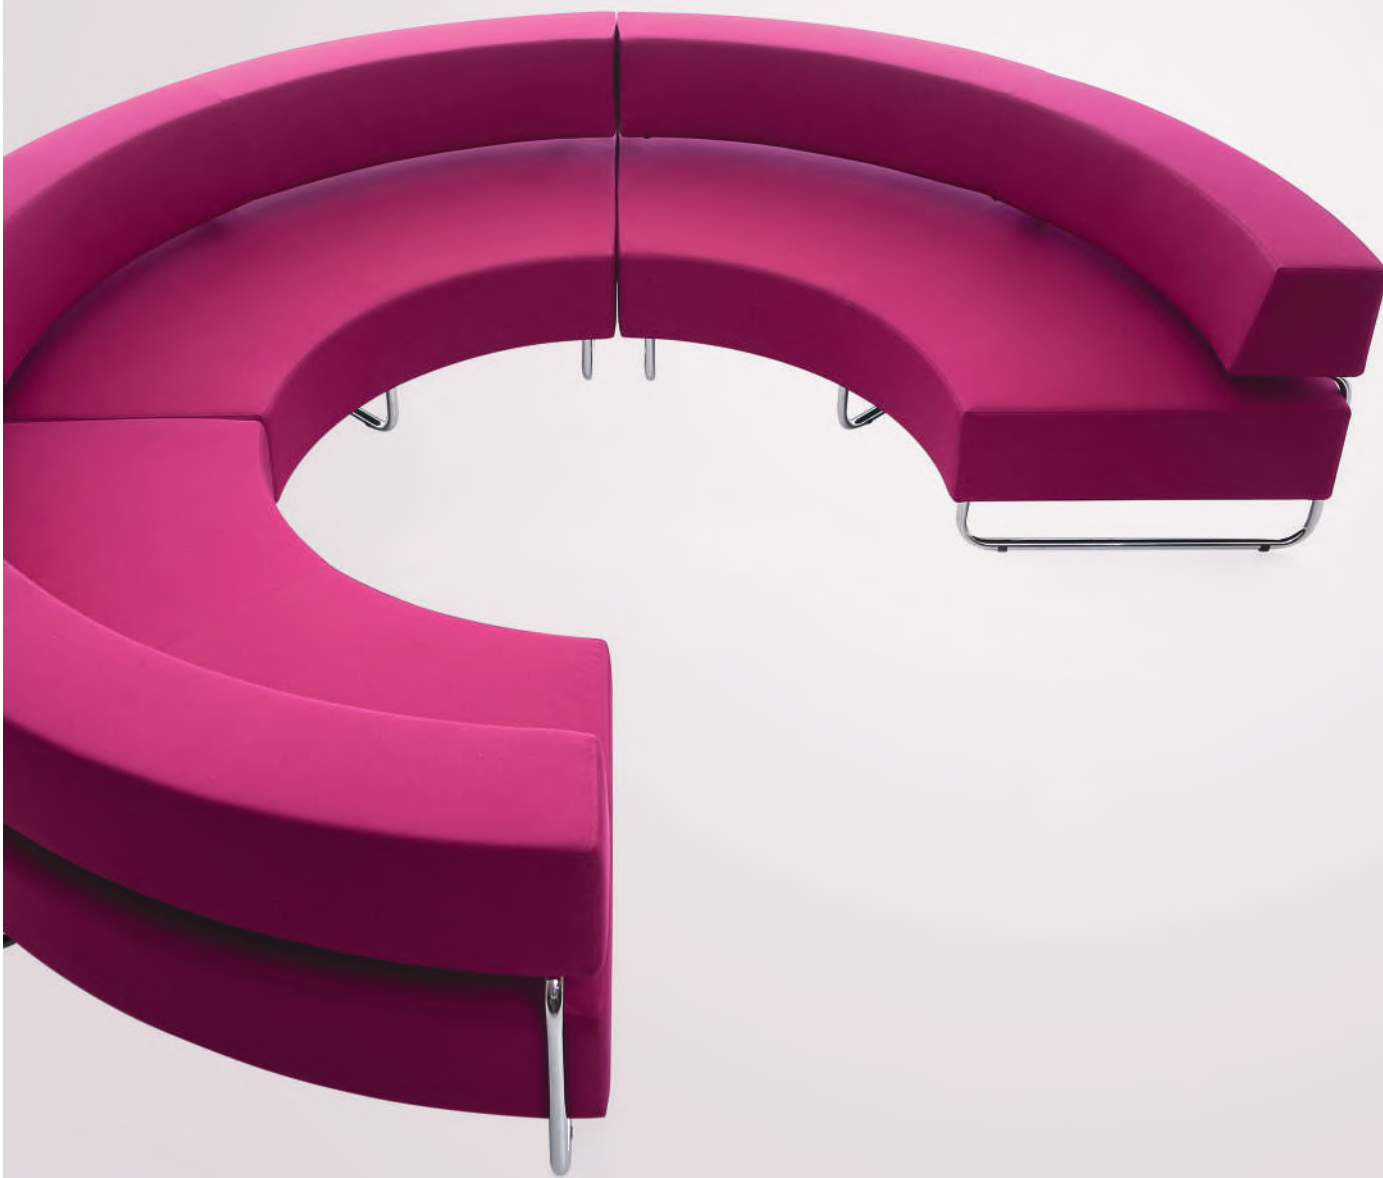

The perfect privacy.

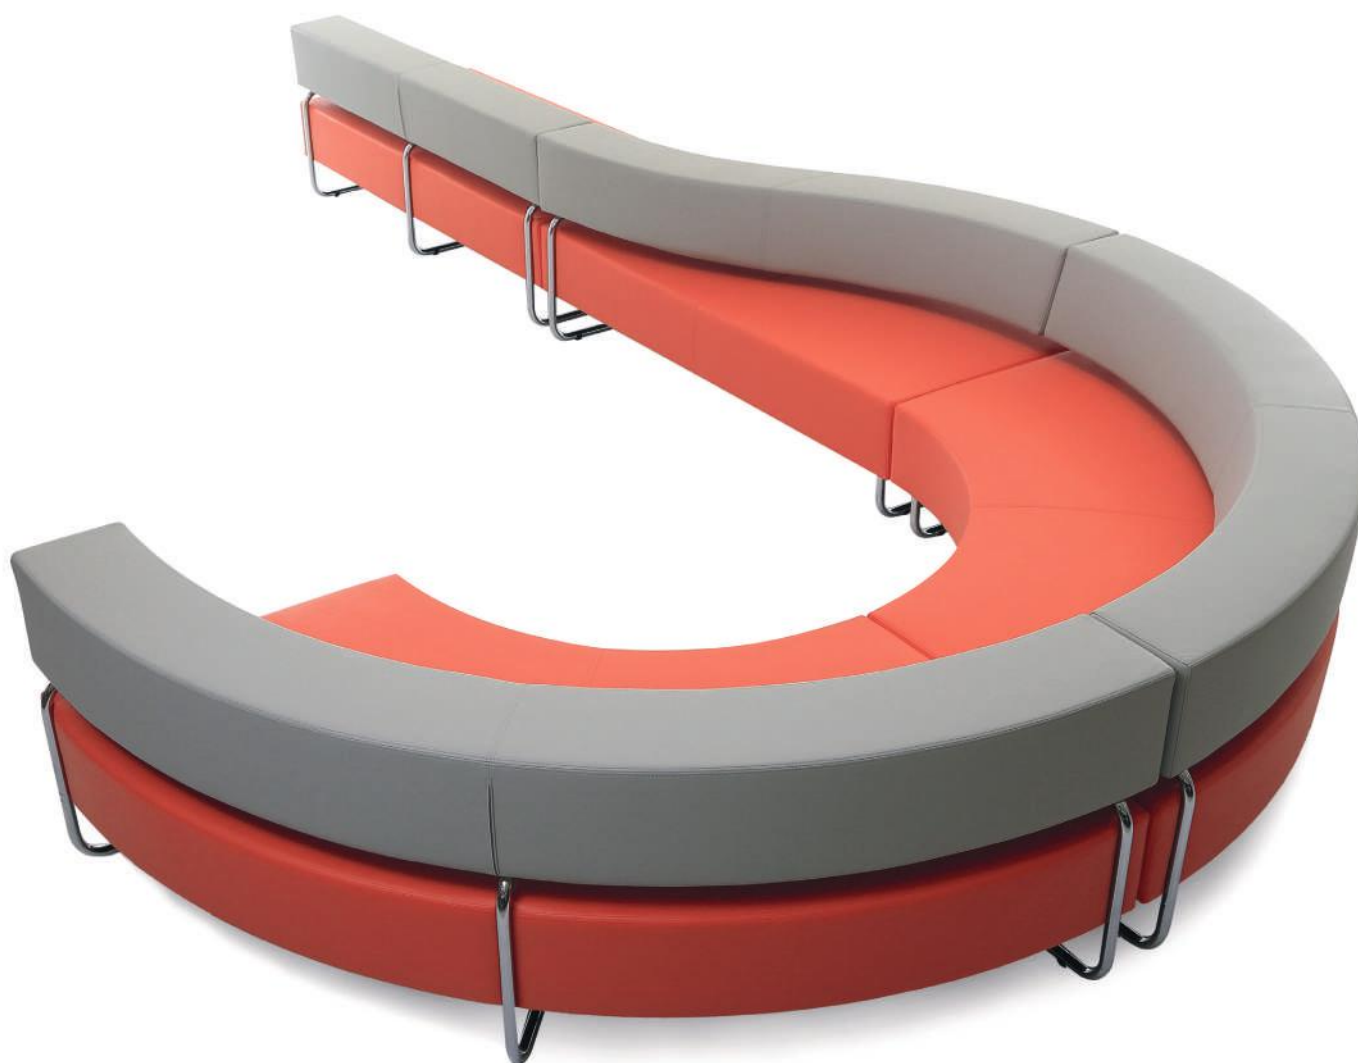

The user can choose an upholstered Cara High back panel with cable conduit to mount a media unit. As an alternative to the closed roof option, the open top structure allows the ambient light to pass through the system. Cara High is definitely one of the most assertive pieces of the collection.

loca

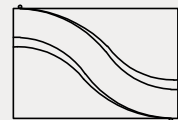

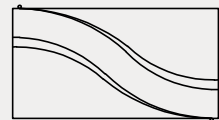

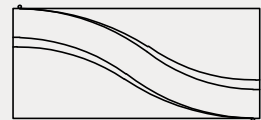

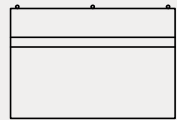

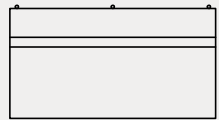

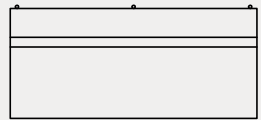

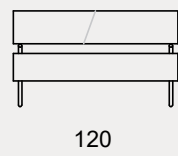

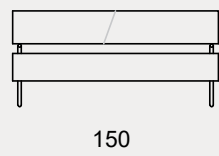

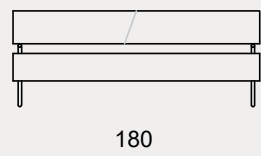

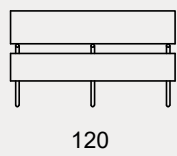

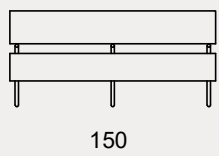

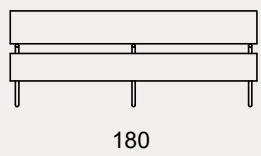

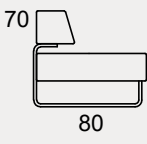

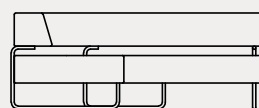

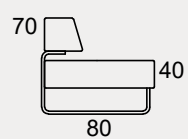

comfort of **continuous** flow

Loca is designed to answer the architect's freedom by solving the lounge seating. Modularity for any lounge idea brings a continuous form, and proves our endless design. Straight or curvilinear solutions are all possible and chromed metal bases emphasize the continuity. Still comfortable with a fashionable look, Loca proves to energize the ongoing space.

This simple and essential sofa is formed by two upholstered strips which run parallel to each other. The backrest, if used as such, intersects the seat to create a double-faced seat. An unexpected crossing of lanes changes the direction of this stylish piece. Loca is designed for using in large environments modular rationality introducing a surprising functionality and appearance of lightness into the continuous flow.

aura light

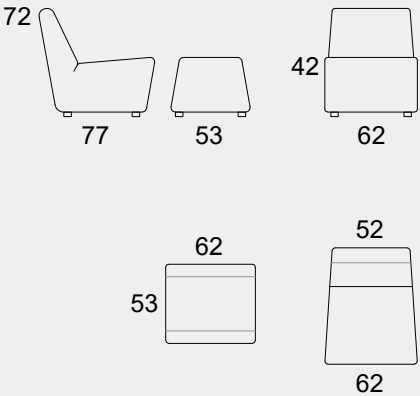

a funny ambiance

Aura Light is the unique choice for office and contract solutions where waiting lounges, management office and all seating needs are solved by one single type of design, completed by colorful upholstery. The stool is offering an added value for comfortable waiting.

All angles and details of Aura&Aura Light collection are saved in this light version so we have reached a continuous comfort. Spread Aura light all around and enjoy the colorful and funny ambiance. This particular armchair allows to make modular combinations or to use as a single module for contract projects, according to the desired dimension to solve the modularity.

There is no limit to the compositions; modules can be added ad infinitum. The ergonomics of Aura Light is due to the smoothness of its shape and materials used. The concept of Aura Light even allows for different combinations of upholstery and colour schemes in the same sofa.

aura

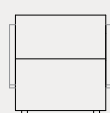

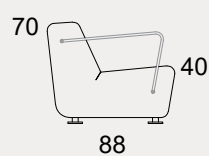

a restful
and joyful
waiting

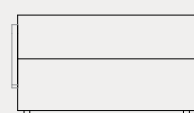

The Aura collection design idea came as our designers began thinking restful lounge concepts. With or without arms and with size alternatives, the sofa offers double color upholstery choices improving the product's character. Aura's comfy feeling can give users a restful, joyful waiting time. Aura offers comfort, elegance and flexibility in a very simple but aesthetic way.

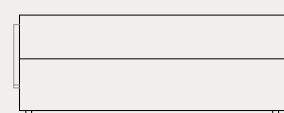

Aura also allows you to make modular combinations which is possible to incorporate with metal arms. Aura derives its unique look from its sleek lines, rounded corners and sloping back. Separate elements; a seat with or without arm, a two seats sofa or a three seats sofa, offer alternatives to create your ideal place.

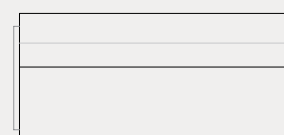

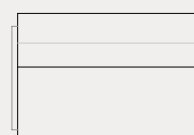

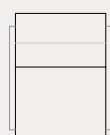

67 / 75

122 / 130

182 / 190

88

Aura gives a whole new meaning to the word sitting; whether settled in a dynamic or colorful place. The unique Aura collection is perfect fit ed in both private and public spaces; in museums and galleries, in lounges and waiting areas, in hotels or clubs.

aura café

enjoy
the meal!

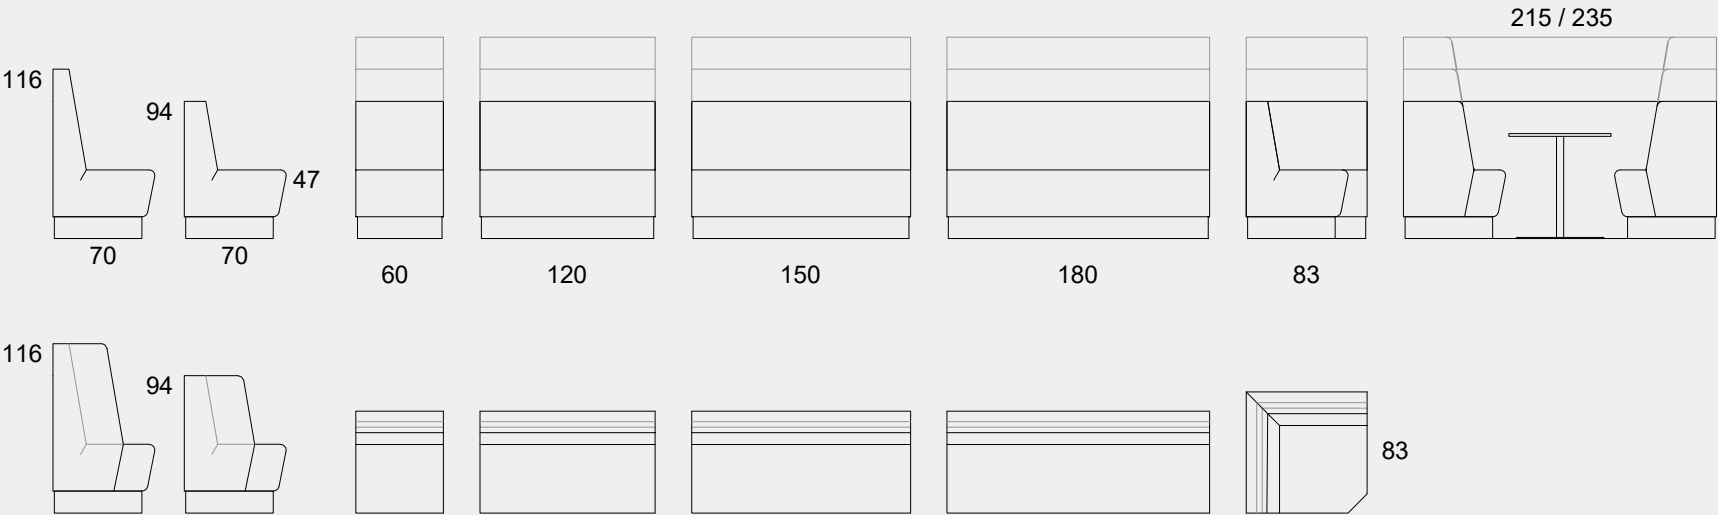

Restaurant and lounge areas can be designed in a parallel way and designers can keep their own unique space concept. Meal times are now more and more enjoyable as you can relax while eating your food.

endless configurations

The line of Aura survives with the same touch of personality and colorful approach. By offering different heights and widths, Aura Café is able to create café and restaurant solutions as a part of the contract seating market.

Based around one simple unit or a group of modulation, Aura Café can be used for all current office functions associated with soft upholstery such as food courts and breakout areas, meeting spaces and partitioning. It can be used independently to create private spaces in open plan environments, or alongside each other to enhance collaborative working. Aura Café now offers you a new look and more privacy with optional side panels and wall units covered with fabric that provides a protective screen against unwanted looks or annoying noises.

The double color use and slim line characterizes the interior and gives architects a good chance to design their own atmosphere which can easily match tables, walls, the floor etc., not depending on product design limits. Aura Café is a versatile collection of upholstered modular elements that can be arranged in an endless number of configurations to adapt to the most diverse architectural styles and settings.

jade collection

a collection for all spaces
